

A wide-angle photograph of a snowy mountain range at night. The sky is dark blue with some stars visible. In the foreground, there's a snow-covered slope with a few buildings and trees. Below the mountains, a town is nestled in a valley, its streets and houses illuminated by warm yellow lights, creating a cozy contrast against the cold white snow.

- a sport that's a cross between golf and baseball
- a turnip parade
- wrapping women in quilts

Round 2: “Marvel”

1. Which popular hymn was written by a repentant ex-slave-ship owner?

2. Behind only Minecraft, what is the second-best selling video game of all time?

3. In tennis, what feat has only been achieved once, by Steffi Graf in 1988? (Here I am excluding wheelchair disciplines)

4. Which US National Park is this?

5. What is the name of this design principle?

“A software interface should behave in a way that most users will expect it to behave”

6. What was the first song from the 1990s to reach a billion streams on Spotify?

7. Of all the MARVEL films, which has the lowest rating on Rotten Tomatoes? It was released in 2015.

8. Name the seven wonders of the ancient world

# Answers

1. Which popular hymn was written by a repentant ex-slave-ship owner?

1. Which popular hymn was written by a repentant ex-slave-ship owner?

*Amazing Grace*

2. Behind only Minecraft, what is the second-best selling video game of all time?

2. Behind only Minecraft, what is the second-best selling video game of all time?

*Grand Theft Auto V*

3. In tennis, what feat has only been achieved once, by Steffi Graf in 1988? (Here I am excluding wheelchair disciplines)

3. In tennis, what feat has only been achieved once, by Steffi Graf in 1988? (Here I am excluding wheelchair disciplines)

*a calendar Golden Grand Slam*

4. Which US National Park is this?

4. Which US National Park is this?

*Grand Teton National Park*

5. What is the name of this design principle?

“A software interface should behave in a way that most users will expect it to behave”

5. What is the name of this design principle?

“A software interface should behave in a way that most users will expect it to behave”

*the principle of least astonishment / surprise*

6. What was the first song from the 1990s to reach a billion streams on Spotify?

6. What was the first song from the 1990s to reach a billion streams on Spotify?

*Wonderwall*

7. Of all the MARVEL films, which has the lowest rating on Rotten Tomatoes? It was released in 2015.

7. Of all the MARVEL films, which has the lowest rating on Rotten Tomatoes? It was released in 2015.

*Fantastic Four (a measly 9%)*

8. Name the seven wonders of the ancient world

8. Name the seven wonders of the ancient world

*The Colossus of Rhodes, the Great Pyramid of Giza, the Hanging Gardens of Babylon, the Statue of Zeus at Olympia, the Temple of Artemis at Ephesus, the Mausoleum at Halicarnassus, and the Lighthouse of Alexandria*

# Round 3: Design and Discovery of Novel Materials

1. What is matter?

matter

2. “Prophet Song”, “The Seven Moons of Maali Almeida”, and “The Promise” are all prize-winning whats?

### 3. What car is this?

---

photo credit: Wikimedia Commons

4. gabardine, lawn, brocade, and french terry are all examples of what?

5. The Pritzker Prize is the most prestigious international prize in what field?

6. What parent company owns (among other things) DC Comics, HBO, CNN, and Eurosport?

7. “Die Neue Sammlung”, in Munich, is the largest what in the world? (It translates to “The New Collection”)

8. This is the opening verse to which song?

*Some boys kiss me*

*Some boys hug me*

*I think they're ok*

*If they don't give me proper credit*

*I just walk away*

# Answers

1. What is matter?

matter

## 1. What is matter?

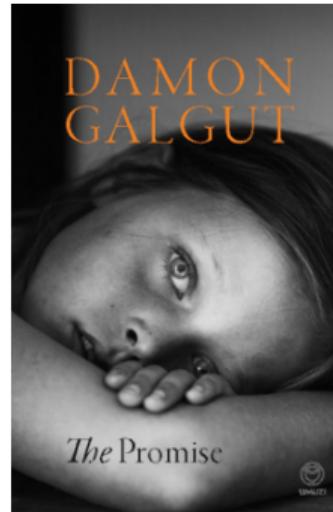

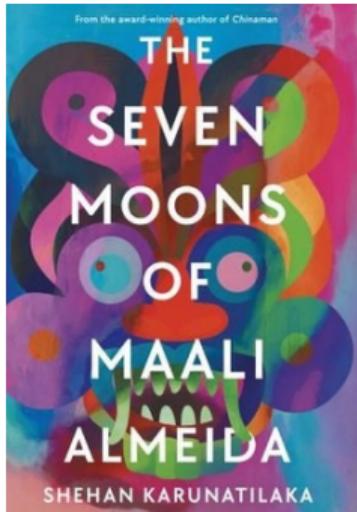

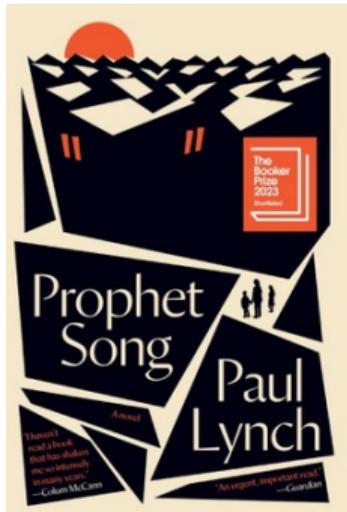

# matter

*a connectivity standard for smart home and IoT devices*

2. “Prophet Song”, “The Seven Moons of Maali Almeida”, and “The Promise” are all prize-winning whats?

2. “Prophet Song”, “The Seven Moons of Maali Almeida”, and “The Promise” are all prize-winning whats?

*Novels – in fact, they are the three most recent Booker Prize winners*

### 3. What car is this?

---

photo credit: Wikimedia Commons

3. What car is this?

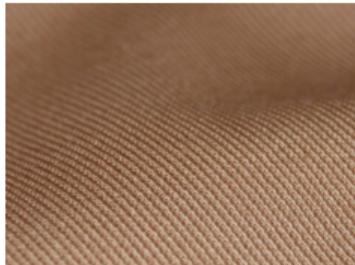

*Land Rover Discovery*

4. The capture of Napoleon III at the Battle of Sedan marked a turning point in which war?

*The Franco-Prussian War / The Franco-German War / The War of 1870*

5. Who was Samuel Langhorne Clemens? He lived from 1835 to 1910.

5. Who was Samuel Langhorne Clemens? He lived from 1835 to 1910.

*An author better known by his pen name: Mark Twain*

6. What kind of dog is this?

6. What kind of dog is this?

*a Shiba Inu*

7. Who wrote “Atlas Shrugged”? It is a novel that is very influential in libertarian and conservative circles, especially in America

7. Who wrote “Atlas Shrugged”? It is a novel that is very influential in libertarian and conservative circles, especially in America

*Ayn Rand*

8. What links the answers to all the questions in this round?

8. What links the answers to all the questions in this round?

*the Euros, The Crown, Million Dollar Baby, The Franco-Prussian War, Mark Twain, a doge , Ayn Rand*

8. What links the answers to all the questions in this round?

*the Euros, The Crown, Million Dollar Baby, The Franco-Prussian War, Mark Twain, a doge(coin), Ayn Rand*

8. What links the answers to all the questions in this round?

*the Euros, The Crown, Million Dollar Baby, The Franco-Prussian War, Mark Twain, a doge(coin), Ayn Rand*

*change*

# Round 5: Numbers

1. How many eyelids (per eye) does a polar bear have?

2. How many many Pirates of the Caribbean films are there?

3. How many times will Halley's comet transit earth in the 21st century?

4. Osmium is how many times more dense than lead? It is the densest material naturally found on earth.

5. In handball, how many players does one team have (excluding subs)?

6. Rounded to the nearest whole number, how many kilograms are there in 1 stone?

7. From takeoff to splashdown, how many days long was the Apollo 11 mission?

8. At 1200m, how many degrees below 100 °C does water boil? (We are currently at 1050m.)

# Answers

1. How many eyelids (per eye) does a polar bear have?

1. How many eyelids (per eye) does a polar bear have?

3

2. How many many Pirates of the Caribbean films are there?

2. How many many Pirates of the Caribbean films are there?

5

3. How many times will Halley's comet transit earth in the 21st century?

3. How many times will Halley's comet transit earth in the 21st century?

1 (*it is visible every 75 or so years, and will next appear in mid-2061*)

4. Osmium is how many times more dense than lead? It is the densest material naturally found on earth.

4. Osmium is how many times more dense than lead? It is the densest material naturally found on earth.

2

5. In handball, how many players does one team have (excluding subs)?

5. In handball, how many players does one team have (excluding subs)?

7

6. Rounded to the nearest whole number, how many kilograms are there in 1 stone?

6. Rounded to the nearest whole number, how many kilograms are there in 1 stone?

6

7. From takeoff to splashdown, how many days long was the Apollo 11 mission?

7. From takeoff to splashdown, how many days long was the Apollo 11 mission?

8

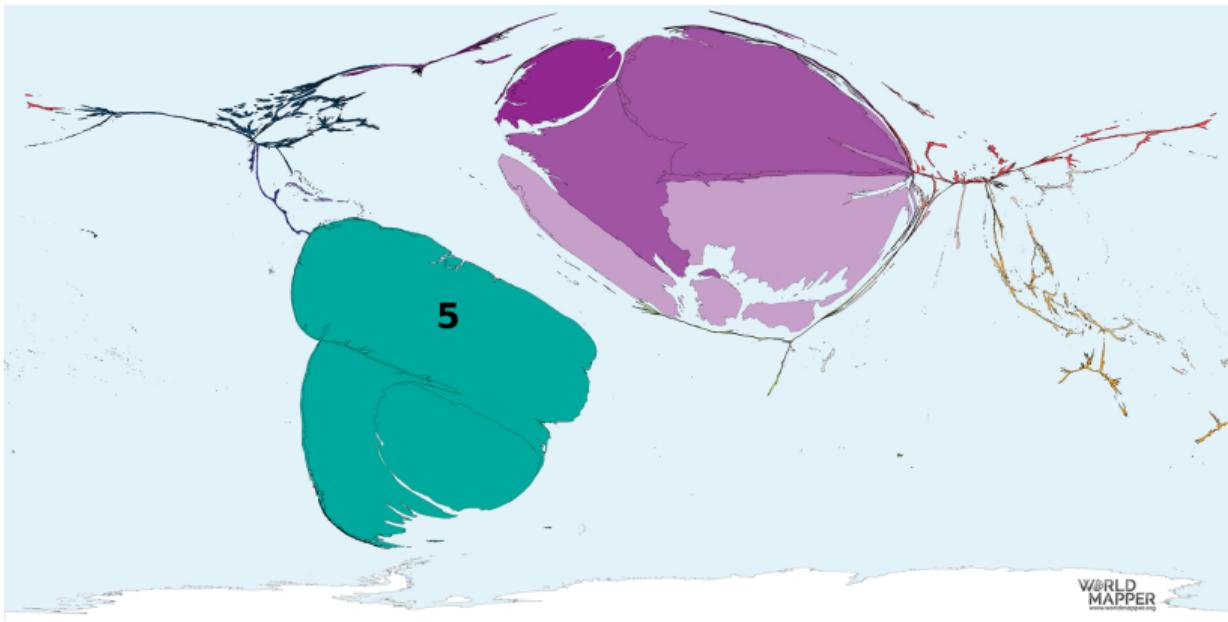

8. At 1200m, how many degrees below 100°C does water boil? (We are currently at 1050m.)

8. At 1200m, how many degrees below 100°C does water boil? (We are currently at 1050m.)
